

# Hostess Bingo

## Materials Needed:

[Hostess Bingo Sheet](#)

## Directions to Play:

Give the bingo sheet to your hostess with her hostess packet. Tell her if she can get the women listed on it to attend the party, she will receive a bonus gift the night of her party.

Each woman can only represent one of the items listed (example: If your neighbor is a waitress, she can only count for one thing—either a neighbor or a waitress—not both). This will help the hostess think of people to invite.

You can customize each bingo square to better fit your area, and you can select the prizes you like. The “cover-all” prize could be an item from her wish list.

## Purpose:

This game will get your hostess working for you! This will help you increase party attendance and potentially your party sales.
